The above motor vehicle manufacturer certifies that it has a North American Industry Classification System (NAICS) code beginning with 3361, automobile manufacturing. It further certifies that the machinery and equipment purchased is eligible for the exclusion as defined in Louisiana R.S. 47:301(3)(i)(ii). For the purposes of this exclusion, tooling in a compression mold process will be considered qualifying machinery and equipment.

Note: The exclusion only applies to taxes imposed by political subdivisions if the political subdivision adopts or enacts the exclusion.
